FARM TO SCHOOL
HARVEST OF THE MONTH

WATERMELON

The following major food allergens may be used as ingredients in this facility: Milk, egg, fish, crustacean shellfish, tree nuts, peanuts, wheat, soy, and sesame. Please notify a staff member if you require additional information about specific ingredients.

If your child has a peanut allergy on PB& J days, soy butter sandwiches are available upon request. Please let your child's teacher know to request the soy butter sandwich, if desired (peanut free, but contains milk, wheat, and soy).

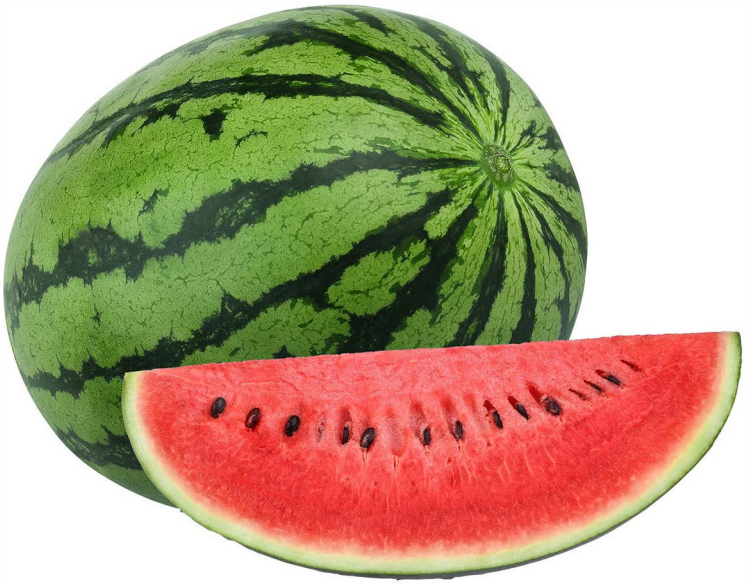
USDA is an equal opportunity provider, employer, and lender.

Watermelon

Watermelon is in the same family as cucumbers, pumpkins and squash.

Watermelon is a warm-season crop that grows on a vine.

As the name implies, watermelon is mostly water and helps us stay hydrated in summer months while also providing vitamin C, vitamin A, and lycopene. Lycopene gives watermelon its red color.



Watermelon is in season in Georgia from around June through August.

UGA's 2020 Ag Snapshot lists GA as #4 in the nation for watermelon production.

Cordele, Georgia, located in Crisp County, is known as the Watermelon Capital of the world.

Watermelons are ready to harvest 80-90 days after planting.
